The Southern Convention resolved in favor of the acquisition of Cnba, it seems; but the Cortes of Spain have resolved to keep that Island, a...d it is hard to see how both can be accommendated at the same time. The more valuable slaves are, the more related to their health and comfires. In every aspect of the case the more you crowd them together, and depreciate their value, the worse you make their condition. Kentucky has 200,000 slaves. only to look into the legislatures of several States to see the evil consequences of this obnotions measure. Those bodies are filled with slander and discordant materials. No legislation can be attended to, on account of a relifish wrangle over a division of spoils.

The other day, in Iowa, a lawless assemblage of demagogues, goaded to desperation with the thought that the spoils would not be got at in a legitimate way, undertook to foist upon the State a United States Senator for six years. If these be the fruits of the Nebrassa bill, and, perhaps, they are, the country has paid a pretty heavy they are, the country has paid a pretty heavy

The relations of the Chamber with the daily press, would, under this arrangement, be vastly improved. As matters now stand, any reporter, that chooses, copies the reports from the books at the Exchange without compensation. As these at the Exchange without compensation. The committee do not suppress, would, under this arrangemant, to evastly our reporter, our trial, and them to be the best Glasses of Mr. Solomon, and, our trial, and them to be the best Glasses of Mr. Solomon, and that the expense of the choses, coples the reports irom the books at the Exchange without compensation. Miss. PRY, These fellows, no doubt, persuaded themselves that they were statesmen, and can only be brought by experience to see their mistake.—

They are in a fair way to get a lesson.

In that event the press could dispense with special commercial reporting, and rely entirely upon the Chamber of Commerce. But, whether satisfactory or not, the committee are satisfied the proposition is a fair one. The members of the proposition is a fair one. The members of the proposition is a fair one.

satisfactory or not, the committee are satisfied the proposition is a fair one. The members of the Chamber of Commerce sustain the daily press in the most liberal manner, and the press should be liberal to the Chamber. Many of the members aubscribe for every one of the daily papers, while they waite little contained in them beyond the commercial and financial news. So far as this is has been more steadfast up to this time. If he wished to run for Congress in 1849, on the emancipation ticket, he must have kept it a recret.—The the acted and spoke zealously in behalf of the anti-emarcipation ticket is true, as is well known. In tuth, few men in the State have been so active and zealous in the democratic party, heretofore, as General Pilcher. It is true, denoted the post office, and General Pilcher wanted the post office, and other teemed more feasible.

**All of which is a fair one. Many of the members should be liberal to the Chamber of Commerce, and the press should be liberal to the Chamber of Commerce, and so as a this is a case-fail remedy was the result of such vides of the news that described to the onlinest loss of a present of the most onlinest loss of a present of the members and true of the most onlines in the discovery of the Minches and the skill of the most online

In our opinion, there is but one way in which Cuba will ever come to the United States. The people of the Island must claim their Independence from Spain, and maintain it, and apply for admission by their own voluntary act, as the people of Texas did.

If they are not tired of the government of Spain—very tired of it, ready to risk lite and property for a change—they are not ready to make a republic and State, and not fit to belong to this great family of free States.

There is a prevailing unpression in this country, that the people of Cuba would find nid if they showed by their acts that they wished it; if they were placed for the state that they wished it; if they were placed for the would find aid if they showed by their acts that they wished it; if they were provided for the state, and so the free, that all they would find nid if they showed by their corrected the state. SAD ACCIDENT .- On Thursday evening a little boy, named Thomas McGinty, was run over on Main street, near the corner of Chappel, by one of the omnibuses belonging to the Portland railroad company, and almost instantly killed. Wm. J. Nelson, the driver of the team, was arrested, and examined before Judge Johnston yesterday morning. It was proved that no blame could be attached to the driver, the boy having attempted to run across the street when it was too i ale to cheek the horses. He was discharged.

Affray in Haweaville-Man Drowned A little while after dark, last Sunday evening, our men-O'Brien, Dennia, H ckey, and Brandon-all Irlshnen, went into a grocery, kept on the wharf boat, belonging to R. Reynolds, at Hawesville, and soon a discussion arose between the Irishmen, who were Catholics, and several Americans present, in reference to Catholicism. In reply, a young man, by name of John Sayder said he would not be "a d-d lying Catholic." Whereupon a melee ensued, and soon all hands were engaged in a general pitch-in-and-drag-ont agent. Chairs and knives were freely used, lights knocked out, etc., and the fight was only the relief of recent Course. Colds and Course Cours were engaged in a general pitch-in-and-drag-ont atopped by two of the beligerent parties-Snyder and Hickey - falling overboard. Both euck under the wharf boat. Snyder, however, sucneeded in extricating himself from the grasp of his antagonist, whilst under the boat, and, by dint of good diving, came up on the outside, and was hauled up alive by the other parties .-Hickey's body was afterwards found. One of the party received a pretty severe cut in the arm, and others were badly bruised.

Most of the parties engaged in this affair were epectable men, and its melancholy end may he set down as another of the dire consequences of "strong drink" and of "Sam'a" mission "out."
